

BRING THE BEAUTY OF
BC SOFTWOOD INDOORS

BRING THE BEAUTY OF BC SOFTWOOD INDOORS

with Kootenay Innovative Wood's complete line of softwood flooring.

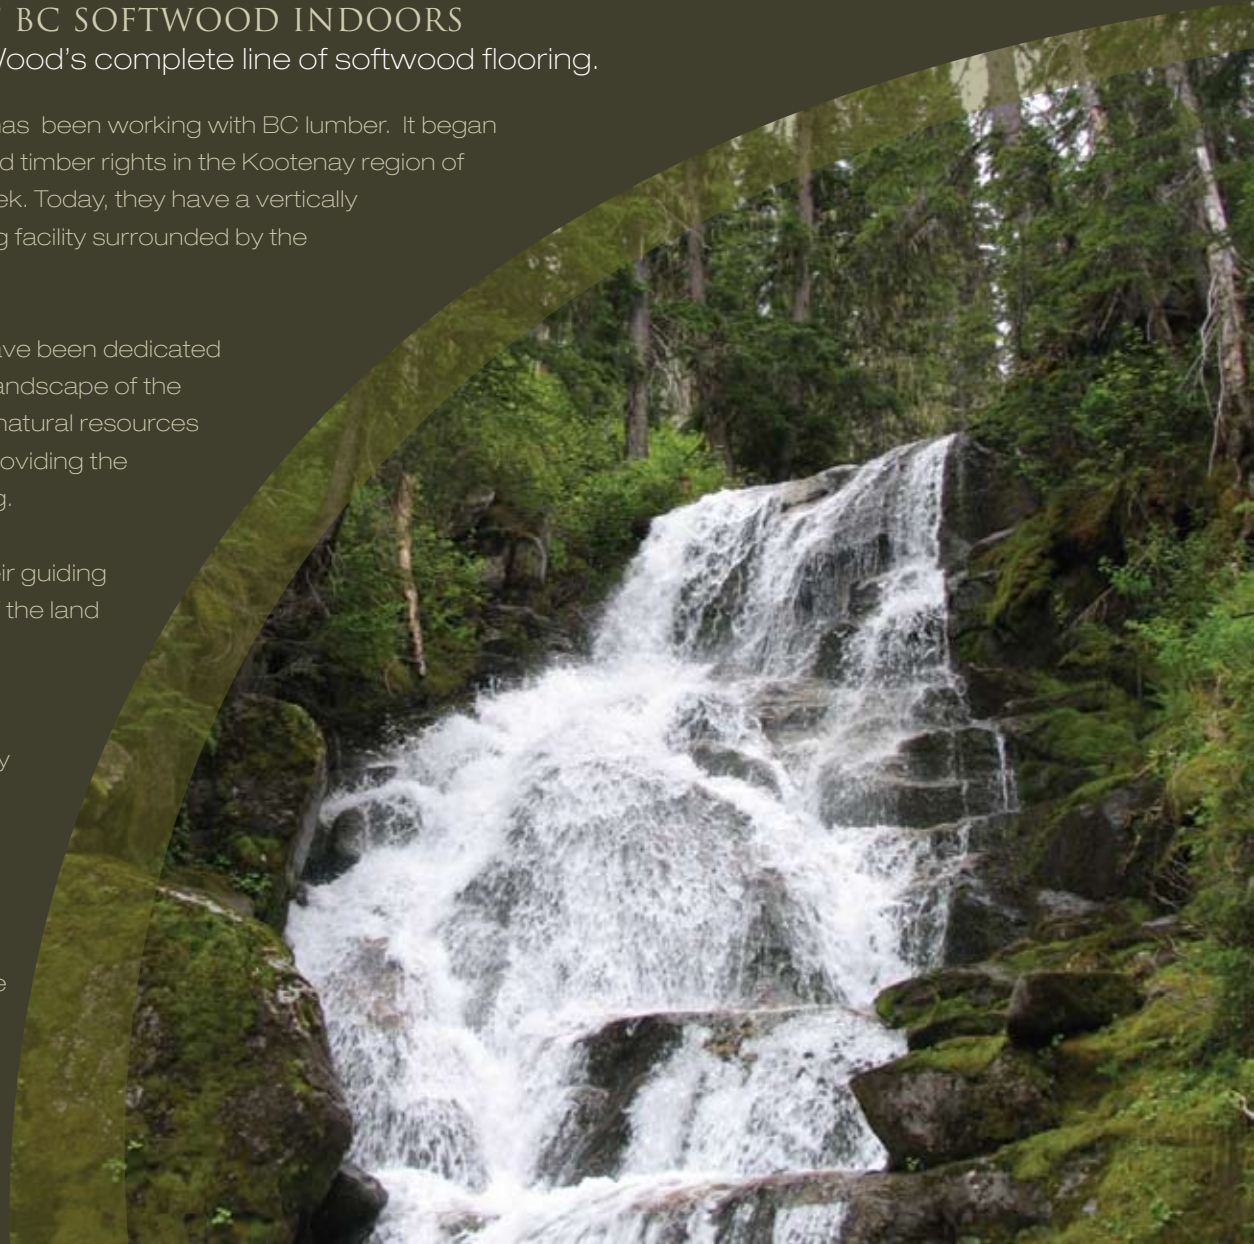

Since 1939 the Kalesnikoff family has been working with BC lumber. It began when patriarch Koozma purchased timber rights in the Kootenay region of British Columbia, called China Creek. Today, they have a vertically integrated, modern manufacturing facility surrounded by the finest softwood in the world.

From the start, the Kalesnikoff's have been dedicated to the preservation of the natural landscape of the Kootenays. They take pride in the natural resources of their surrounding area, and in providing the highest quality of softwood flooring.

From generation to generation their guiding philosophy has been "Take care of the land and the land will take care of you."

Even before reforestation policies existed in BC, the Kalesnikoff family was performing sound forest practices, ensuring a successful business and healthy land for future generations.

Kootenay Innovative Wood is more than a high tech manufacturing company - they are a convergence of values and principles that markets superior products with a globally-responsible approach.

WILDHORSE CREEK

Wildhorse Creek softwood flooring lets you create your own personal retreat with the feel of a cozy mountain lodge. Perfectly proportioned knots scattered throughout the wood will bring you a lifetime of unique warmth and character.

VALHALLA

Relax in the sophistication and welcoming glow of **Valhalla** softwood flooring. This collection is free of any knots, and the clear, straight grains create an elegant and warm feeling in any room.

EXPERIENCE THE BEAUTY OF BC SOFTWOOD

British Columbia, Canada is home to some of the most beautiful wilderness in the world. Abundant in wildlife, lakes, forests and mountains, the Kootenay region of BC is where we harvest our unique collection of softwood trees, which include Douglas Fir, Western Larch, Lodgepole Pine and Engleman Spruce. These trees are unique to the region, and produce beautiful softwood flooring products, used for centuries in the homes and mountain lodges of the settlers to the area. Today, BC softwood is in demand around the world for its function, beauty and value. Our Valhalla and Wildhorse Creek collections will bring a part of the beautiful BC wilderness into your home, and last for generations to come.

We encourage you to speak with your dealer to learn more about the beauty of softwood.

WILDHORSE CREEK

The rustic appeal of Wildhorse Creek is a perfect way to showcase the characteristic knots and grains of BC softwood. In addition, we offer a unique circle-sawn finish, giving the true look and feel of a mountainous, ski-lodge resort. Thanks to our advanced technology we are also able to supply Wildhorse Creek flooring in long and wide planks, up to seven inches by sixteen feet.
